PAYMENT PLANS

Petra offers payment plans for individuals enrolled in Petra classes. All payment plans have a 2% of tuition fee due at due by the start of class. The payment plan can be utilized for an individual's tuition expense only (all other related fees such as registration fee, books, lab fee are not included in the payment plan).

Our standard payment plan has two payments. The first payment is due before or on the first day of class and the covered costs are the registration fee, the first half of tuition, a 2% finance fee on the full tuition, book fees, and the lab fee. The second payment is due midway through the program (at midterms) and includes the second half of tuition.

If the standard payment plan does not work for some individuals, we may be able to customize one that does. Please contact the Admissions Office for more details.
